Description:

Door County is the final resting place of many shipwrecks, from the first Euro American ship to sail the western Great Lakes, LaSalle's fabled Griffin that left Washington Island in 1679 never to be heard of again, to modern-day pleasure crafts that find the shallow inlets and bays hard to navigate. Door Peninsula Shipwrecks takes the reader on a photographic journey around the peninsula and back to a time of wooden ships and

iron men. From Sturgeon Bay to the east coast of the peninsula to the northern islands and Green Bay, the journey encompasses early wooden sail craft to steel steamers, the brave sailors who sailed the treacherous waters, and the heroic lifesavers who rescued them.
